- Utilizing the National Database, monitor the provincial committees to ensure that screening policies and procedures are being followed.
- Maintain regular communications with the PSRC's and provide advice, guidance and training as required.
- Monitor the effectiveness of the Screening program with a view to streamlining and updating policies and procedures as required.

Oversight

The National Screening Manager, in order to carry out her/his duties, will have access to the provincial files which will include reviewing data and carrying out various tasks and audits related to oversight of the National program. Utilizing the capabilities of the screening database, the NSM will develop processes and reports to ensure that the screening program is being carried out in accordance with the policies and procedures which have been approved by the Air Cadet League.

Review of Provincial Screening Procedures

- On a monthly basis, verify that screening is being carried out in each of the provinces.
- On a random basis select files from each province and review to ensure that all documentation has been completed.
- Ensure that documents contain the necessary approvals
- Ensure that renewals are being processed as required.
- Verify that each province is carrying out the necessary Squadron visits to ensure compliance with the screening program.
- Prepare a monthly report for the Executive Director summarizing the status of the screening program.

Review of National Office Screening Procedures

- Ensure that screening for national members and national office staff has been initiated thru the applicable PC
- Ensure that renewals are being processed as required.
- Prepare a quarterly report for the Executive Director summarizing the status of the screening of National Members.

C. Screening and Registration Card

A National standardized screening card has been developed to be utilized by all Provincial Committees. This card will contain a photo of the volunteer, his or her identity number and the Air Cadet League Crest.

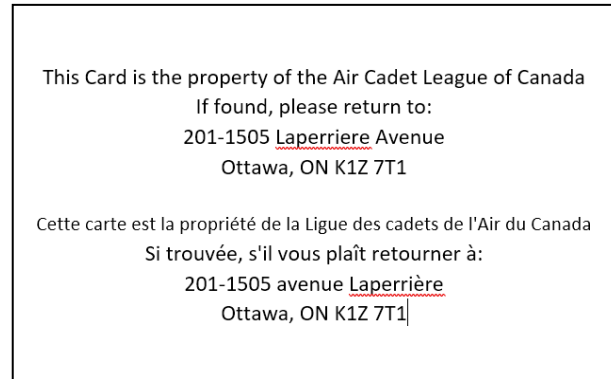

Air Cadet League policies dictate that ALL members and paid staff of the Air Cadet League will be screened and registered and that all such persons will wear their Screening Cards in full view when attending Air Cadet League functions.

The ID card will have the same content for every province which will include the squadron number, the PC identifier, or the word "National". The National Office will create the template and make it available in Sumac. Provinces can produce the card themselves or ask National to do it for them.

A card that has the red letters "CV" indicates that the member has done a Vulnerable Sector Search. A card without the red letters "CV" means that only a Police Criminal Record Check or E-PIC was done.

The ID number shall be automatically generated by SUMAC. Old numbers and cards will be phased out as they expire.

Sample (front and back) of the card is shown below.

D. Screening & Registration Procedures

Screening a potential member who applies directly to a Provincial Committee

This is the procedure to be followed for applicants who wish to volunteer with the Air Cadet League of Canada, Provincial Committee and have not had previous history or volunteer experience with the Air Cadet League of Canada, a Provincial Committee or a Squadron Sponsoring Committee. The procedures to become a provincial volunteer are listed below

1. Applicant must be recommended by a current Member of the Air Cadet League of Canada
2. Applicant will submit a resume
3. Applicant will complete the Screening and Registration form under the direction of PSRC. (Refer Appendix 1)
4. Applicant will undergo an interview process with the Provincial Nominating Committee (PNC)
5. The PNC will deliberate following the interview process and make a recommendation.
6. The PNC will either decline or offer the applicant the position based on the final outcome of the interview process.
7. A copy of the interview results will be provided to the PSRC
8. Applicant will provide a Police Record Check or E-PIC to accompany the one-page registration form.
9. The PSRC will attach the Screening & Registration form along with the PNC's letter of recommendation and proceed with the completion of the screening & registration process based on the outcome of the interview process by the PNC.
10. The PSRC will enter the information in the National Database.
11. If approved, the card should then be forwarded to the Provincial Committee Chair, who will then send a welcome letter to the candidate along with the screening card.

Volunteering in two provinces

If a volunteer splits their time between two squadrons located in two different provinces, this volunteer will only need to be screened once. Their home province (where the volunteer lives) will handle their screening file and take care of the renewal.

National Board Members

National Board members' screening files are handled by the province in which they reside like everyone else's. If the incoming Board member is new to the League, the process is abbreviated since the interview was done by the National Nominating Committee and they are approved by the membership at the Annual General Meeting.

Paid Employees of the League

Paid employees of the League at the national and provincial levels also go through an abbreviated process as their interview was done during the hiring process and their employer will take care of the police record check. Screening files are handled by the employer – ie., the National or Provincial ED. They will still need to be registered and issued an ID card to be used at various events.

IACE Host Families

IACE Host Families, must be screened and registered to the same standard as “civilian volunteers” and will be processed by their home PTC.

The Renewal Process

Each screened volunteer will be required to re-register every five years. Assuming that the individual has been active in the League during the term, he/she will be required to complete a renewal form (forms have been provided to each PSRC as well as the forms are available on the National website) and provide an updated Police Record Check or E-PIC and an appropriate photo.

The PSRC, on a regular basis, will provide the SSRC with a listing of all volunteers whose screening will expire within the ensuing three months. It is then up to the SSRC to review the list and obtain updated information on those volunteers who are still active. Once this information has been provided to the SSRC, the completed Renewal Form along with an updated photo are to be forwarded to the PSRC.

A new Screening & Registration card will be issued to the volunteer.

Break in Service

If the volunteer has not been actively volunteering for one year or more and the screening card expiry date has lapsed, the individual will be required to go through the complete screening and registration process.

Resignation of a Volunteer – Provincial Level

If a person decides to withdraw his or her services as a volunteer, the Provincial Chair shall write a letter to the individual thanking them for their service. A copy of the letter shall be sent to the PSRC who, in turn, will update the information in the database to show that the individual is no longer active. Every effort should be made to retrieve the membership card issued by the Provincial Committee.

Termination of a Volunteer

If the PTC wishes to terminate a provincial/territorial league volunteer, the details for the termination must be supplied to the PSRC. The action to be taken shall be noted on the applicants file by the PSRC. Depending on the circumstances, it may be necessary to request the aid of legal counsel.

If a SSC wishes to terminate a volunteer, the details for the termination must be supplied to the SSRC and PSRC. The action to be taken shall be noted on the applicants file by the PSRC which includes the date and time the determination was made. Depending on the circumstances, it may be necessary to request the aid of legal counsel.

An RCSU may decide to terminate a Civilian Instructor or a Civilian Volunteer who has been previously screened by the ACL and will advise the provincial/territorial committee accordingly. The PSRC will update the database and attempt to retrieve the Screening Card from the individual.

Enhanced Police Information Check – E-PIC

On a regular basis, the PSRC will receive notifications from Sterling Backcheck of E-PIC's that have been applied for by various applicants.

Upon receipt, the PSRC must contact the SSRC and advise that the E-PIC has been completed and that the status is either "Clear or "Not Clear". This will facilitate completion of the application by the SSRC.

E. Review of Documentation

The PSRC will receive screening and registration applications from the various SSRC's under the following five steps. Determine which step applies to the application and process accordingly. Once that particular step has been finalized, proceed to "Completing the File"

- IF THE APPLICANT IS TO BE REJECTED ON THE BASIS OF A RECORD OF OFFENCE, THE FILE WILL BE SUBMITTED TO THE CHAIR OF THE NATIONAL SCREENING COMMITTEE FOR REVIEW PRIOR TO BEING REJECTED
- Once the PSRC has agreed with the recommendation, complete the “Results of Verification”, tick the Approved or Not Approved box and sign on the appropriate line.
- Proceed to Completing the File

Completing the file

- Record the appropriate dates at the bottom of page 2 of the Application.

Printing the Card

- Specific print procedures will be provided in the SUMAC/QNAP Quick Start Guide.

Returning information to the SSC-SRC

- If the final decision by the PSRC is to approve the candidate, a photo screening card will be forwarded to the SSCC by the PSRC for presentation to the new volunteer.
- If the decision is to Not Approve the applicant, then the PSRC and the SSCC shall determine the course of action to notify the applicant that his / her application was not approved. A screening card will NOT be issued.

F. Review of SSC Screening Procedures

It is important to establish a regular monitoring process to ensure that squadron Sponsoring Committees are adhering to the Screening and Registration policies and procedures. The following has been established to monitor compliance of the Screening and Registration Policy.

- Working in conjunction with the League or Squadron Representatives, the PSRC will produce a checklist from the database program of screened individuals of a particular Squadron Sponsoring Committee and forward the checklist to the applicable League or Squadron Representative.
- At the next visit to the squadron Sponsoring Committee the League or Squadron Representative will compare the listing to those individuals in attendance at the LHQ. Working in conjunction with the SSCC, determine if there are any volunteers who are not wearing their screening card or any volunteers who have not been screened.
- Any violations of policy should be discussed with both the SSCC and the Commanding Officer of the Squadron.
- The League or Squadron Representative should not enforce any rules by requesting non-wearing or non-screened volunteers to leave the premises.
- The checklist should then be signed and dated by the League or Squadron Representative and forwarded to the PSRC for follow up and further action.
- Upon receipt, the PSRC should follow up with the SSCC to rectify the items identified on the checklist.

G. Screening Database

The National Screening and Registration program uses SUMAC and QNAP to digitally store all information about volunteers with regards to screening and registration. These hardware and software platforms are by all Provincial/Territorial Committees and administered by the National Screening Manager (NSM). The Chair of the National Screening and Registration Committee is responsible for the overall administration of the screening program in Canada.

SUMAC and QNAP are cloud-based. Instructions on how to use these are issued separately.

Each province/territory has a Provincial/Territorial Screening Registration Coordinator (PSRC) who will be inputting data into a segment of the National database only accessible by them and the NSM. Each PSRC will be assigned a unique User ID and password which will allow them to access only the data relevant to their province.

Squadron Sponsoring Committee Screening Registration Coordinator (SSRC) will forward data to PRSCs for upload into the National database.

Database Information

SUMAC

A record in SUMAC can include much information many of which is not necessary for our purposes. The mandatory information that must be entered includes:

- Name, residential address, date of birth, email address, phone number
- Screening information
- PC/Squadron number (to be entered in business address)

QNAP

Scanned copies of registration forms and police record checks will be uploaded into the QNAP.

- A folder is created for each squadron, and within each squadron folder, a folder is created for each member. The member folder is named as follows:

LASTNAME.FIRSTNAME.DDMMYY

Where DDMMYY is the date of birth

H. Document storage and retention

As we have learned from experience, cases of sexual abuse or harassment may not surface for many years. While the National Database will provide some information in the event of a lawsuit, the documents related to screening will be invaluable. As such, it is incumbent on the ACLC to provide secure storage of these documents and to retain them on file permanently. With this in mind the following procedures have been established with respect to document storage.

Current documentation

- Current screening documents on file with Provincial Committees with offices may be retained at the provincial office provided that the documents are kept in secure, locked, fireproof filing cabinets, subject to the approval of the ACLN.
- If a Provincial committee cannot meet the above standard, then all screening documents must be forwarded to ACLN. It is incumbent on the provincial committee to ensure that the files forwarded to ACLN are labeled appropriately. ACLN will arrange for suitable secured storage for these files.

Storage of documents on a File Server

- Once a file is completed at the local level, it becomes the property of the Air Cadet League.
- A national database has been developed to record all information related to the screening process. The database has the facility to upload photos and documents including the Application, Interview Form, Reference Check Forms, any additional notes along with a copy of the E-PIC/POLICE CHECK.
- This information is stored on a secure Canadian based server and is subject to regular offsite backups.
- Access to these files will be limited on a Provincial basis to the PSRC, the PC Chair, and the PC Executive Director.
- All files will be retained in perpetuity.
- Once an applicant's file has been completed and all information and documentation uploaded into the database, all paper copies of all documents must be destroyed.

Conclusion

In order to maintain accuracy and consistency, this Handbook and accompanying forms may be updated periodically. To ensure the standardized application of the required screening and registration process across all levels of the League, no modifications to this Handbook or its' forms are to be made without prior approval of the Chair of the National Screening & Registration Committee.
